Freelance writer and researcher with a science background, running Victory Writing Services across ghostwriting, SEO content, science communication, and academic writing. Equally comfortable on the client-facing side: handling inquiries over chat and email, revisions, and several accounts at once, with no supervisor reading a reply before it sends. Independently self-published author of a three-book fiction trilogy and two chess instructional guides, researched, written, formatted, and published end to end.

EXPERIENCE

Founder & Freelance Writer

Victory Writing Services · Fiverr: TheContentFarm | Remote | 2025 to present

- Deliver ghostwriting across fiction, nonfiction, and professional work under NDA, matching each client's voice through iterative revisions.
- Produce SEO-aware articles and science communication pieces, and rewrite AI-assisted drafts into natural, human-sounding copy.
- Handle client inquiries over chat and email end to end: clarify the brief, research the issue, and stay with the thread until it's resolved.
- Write and publish the Between Two Darks fiction trilogy on Kobo Writing Life, managing manuscript development, formatting, and upload.

Author, 200-Level Plant Science & Biotechnology Textbook

Independent project, University of Port Harcourt | Remote | 2025

- Built an eight-course textbook (Genetics, Ecology, Biostatistics, Plant Physiology, and more) with mnemonics, MCQ drills, and worked examples.
- Ran the full lifecycle (research, writing, formatting, revision) using Python and ReportLab for the final PDF output.

Department Representative Council

NAPSABS, University of Port Harcourt | Ongoing

- Represent fellow Plant Science and Biotechnology students on departmental matters, requiring regular written and verbal communication with peers and staff.
